

Boat Bums International
Cardboard Boat Race
Oxford, Maryland

Rules of Construction

as passed down from generations of BBI members

The rules are simple for building a qualifying boat for the Cardboard Boat Races in Oxford, Maryland:

1. Any form of paddles is permitted (one paddle per person in the boat).
2. Cardboard, no restrictions, can be used – cardboard may be waxed.
3. Up to three (3) board feet of lumber may be used, per person, in construction of the boat. Wood may be used for framing, stiffening and fastening cardboard.
Boats are intended to be inexpensive and biodegradable.
One (1) board foot is a piece of wood as follows:
 - a. 1" thick X 12" wide X 12" long
 - b. 1" thick X 1" wide X 12' longThree (3) board feet is a piece of wood as follows:
 - a. 1" thick X 1" wide X 36' long
 - b. .75" thick X .5" wide X 48' long
 - c. .5" thick X .5" wide X 144' long
4. Rope or string may be used.
5. Fasteners used may be staples, nails, bolts or tape (duct, masking, scotch & gaffer).
6. All glue, paint, cement, sealers, etc. must be water based.
7. **All contestants and person on the craft must wear life jackets.**
8. NO metal oarlocks, NO motors, NO epoxy of any kind, NO oil based paints and NO plastics.

Now you're ready for some fun! For additional information on Rules of Construction, contact Bill Pelanne at 410-226-0223 or crash@goeaston.net

If you're not up to building your own boat, pre-made boats may also available on a limited basis with a \$500 sponsorship/donation to the Maryland Special Olympics fundraising event. Contact Debbie Wilkens at 410-819-0036 or debwilkens@aol.com for more information for availability and more information.
